

# Crystal Mountain Summer Clean-up

Sunday, August 9, 2009

Last summer was a great success, perfect weather, a great turnout and lots of trash collected. Once again this summer we have a great opportunity to spend the day hiking our favorite mountain and helping our environment by cleaning up last winters trash as we go.

Just like last year we'll meet at 10:00 at the bottom of Chinook. Crystal Mountain will supply us with trash bags and a chair lift ride to the top. At the summit we'll discuss which areas need to be covered during the day and places where trash bags can be dropped off on the way down. We'll reconvene at the base lodge at 3:00 to compare treasures and enjoy a BBQ hosted by Crystal Mountain.

All you need to bring are the usual items for a day on the mountain in August. Sun screen, bug repellent and rain gear. Dogs on leashes are welcome but only if you'll be hiking up. Unfortunately Crystal is unable to allow dogs on the lifts.

Everyone is welcome. If you'd like to join us please, RSVP by August 5th to Holden Withington at [holden@beerswithington.com](mailto:holden@beerswithington.com)
